**End of Sale Notice (EOSN)  
(or End of Life Announcement)  
for ADTRAN T1 CSU Product Line**

ADTRAN Inc. announces the End of Sale and End of Life dates for the T1 CSU product line. The last date to order the affected products is Dec 31, 2018. Customers will continue to receive support from ADTRAN Product Support until Dec 31, 2020.

Because these products are impacted by vendor discontinued parts, ADTRAN may be limited in its ability to support large last time buys on some of these products. These will remain for sale as long as they can be manufactured and/or inventory still exists or until the retirement milestones occur as listed in Table 2.

For product ordered and shipped before the end of sale date, the normal repair / return product warranty is unaffected. If inventory is available and ADTRAN accepts orders for the product beyond the end of sale date, any product ordered after the end of sale date will have a product repair / return warranty of 1 year. The product warranty term does not affect the product retirement milestone dates.
