

Configuring the NetVanta 7000 Series Trunk Groups

Quick Configuration Guide

61200796L1-42.8A

November 2005

While navigating the Web Graphical User Interface (GUI) you will notice question mark symbols that indicate additional information is available. Simply place your cursor over the symbol to view the additional information.

Trunk Groups

Trunk Groups determine the resources used for outbound calls and the types of outbound calls permitted.

1. Open a web GUI session. For assistance, refer to the *NetVanta 7000 Series Web GUI Quick Configuration Guide* (document number 61200796L1-42.1).
2. Select **Voice> Trunk Groups** on the main GUI screen to display the screen below. Enter a name for the new Trunk Group and select **Add**.

The screenshot shows the ADTRAN NetVanta 7100 Web GUI interface. The left sidebar has a tree structure: System, Voice (selected), Stations, User Accounts, Ring Groups, Operator Group, Trunks (selected), Trunk Accounts, Trunk Groups. The main content area has a title 'NetVanta 7100'. A top bar has 'Save' and 'Logout' buttons. The main page is titled 'Add / Modify / Delete Trunk Groups' with the sub-instruction 'Use this page to add and configure trunk groups.' It contains two sections: 'Add a New Trunk Group' with a 'Group Name' field containing 'Primary Trunk Group' and an 'Add' button, and 'Modify/Delete Trunk Group' with a table showing one entry: 'Trunk Group' (Primary Trunk Group) and 'Description' (There are no configured trunk groups in the system.).

3. In the next screen, select the **Add Members** button to add Trunk Accounts to be used in this group.

Trunk Account	ID	Type	Supervision
There are no members configured for this Trunk Group.			

Call Type	Cost	Number Pattern
Local Calls (7-Digit)	Low Cost	(NXX-XXXX)
Long Distance Calls	Low Cost	(1-NXX-NXX-XXXX)
Toll-Free Calls	Low Cost	(1-800/855/866/877/888-NXX-XXXX)
International Calls	Low Cost	(011-\$)
n11 Calls (411, 611)	Low Cost	(411, 611)
911 Calls	Low Cost	(911)
Operator-Assisted calls	Low Cost	(0-NXX-NXX-XXXX)
Carrier Specified calls	Low Cost	(10-10-XXX-\$)
900 Calls	Low Cost	(1-900/976-NXX-XXXX 976-XXXX)

4. Select the types of calls to be "permitted" outbound on this trunk group. If a desired type of call is not shown, you may use the **Advanced Templates** setup located under the **Detailed View** (at the bottom of the screen) to enter your template. If the **Local Calls** item does not show 7 or 10 digits, please proceed to the **Dial Plan** to select the Local Dialing type.
5. The configuration must be saved to non-volatile memory to retain changes after a power cycle or reboot. Select **Save** at the top right of the current screen and the screen below will appear. Select **OK** to close the window and return to the previous screen.
